DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Wednesday, 28 August 2024 at 05:28 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Air mostly sourced from the Atlantic will maintain Low levels of air pollution for much of the UK on Wednesday. Some areas of Moderate air pollution could develop across south-eastern areas of England.

Tomorrow: A similar day to Wednesday with Low levels of air pollution across the UK on Thursday. There is a decreased chance of Moderate levels affecting far south-eastern areas of England.

Outlook: Most regions of the UK will have Low levels of air pollution. This may become Moderate, with the greatest risk across southern England.
